

WALL PROTECTIONS
AND HANDRAILS

In child care centres, gymnasiums, schools, collective catering and leisure facilities, etc., intensive or repetitive traffic can cause significant premature wear.

These living and work spaces need to be comfortable and fit for purpose; for this reason, SPM has created wall protection and handrail ranges meeting your needs.

WHO ARE WE?

Specialist in wall protections and handrails for 40 years, SPM, a Gerflor Group Company, develops innovative and decorative solutions to protect, enhance and ensure the sustainability of buildings open to the public.

WE OFFER SOLUTIONS THAT MEET YOUR REQUIREMENTS

RESISTANCE

- Resistance to impacts, shocks and scratches

CONFORMITY

- Comply with the French laws for public buildings

EASY AND QUICK INSTALLATION

- Suitable for installation by a technician
- Limited installation-related nuisances and disturbances: installation while in use (solvent-free glue, etc.)

ACCESSIBILITY

- Comply with the French interministerial circular Nr DGUHC 2007-53 du 30/11/07

ATTRACTIVE AND DECORATIVE

- Wide selection of colours and decorative cutouts
- Enhancement of premises through easier maintenance

HYGIENE AND DECONTAMINATION

- 100% antibacterial (reports by Nosoco.tech)
- 100% decontaminable (tests by Anios and Institut Pasteur)
- 100% watertight with the hot-welded Decochoc / vinyl floor system

MAINTENANCE

- Easy care and cleaning
- Lower maintenance costs

ENVIRONMENT

- Exemplary composition (no heavy metals, PBT-free, BPA-free, very low VOC emissions, etc.)
- 100% recyclable range
- Lower environmental impact during installation and use

LONGER SERVICE LIFE

- Increase service life of premises
- Avoid repainting and repairing damaged areas

EACH OF YOUR EXPECTATIONS IS MET

- According to French regulations -
* Information about the emission level of volatile substance in inside air, involving a toxic risk by inhalation, on a scale from A+ (very low emissions) to C (high emissions).

SPM is constantly innovating to continue to meet your needs. Discover the latest new products from the wall protections and handrails expert.

▶ 47 COLOURS AND FINISHES

A design and trend colour swatch with the help of our partners architects and colourists in order to offer greater choice.

▶ RAPID'SYSTEM®

Rapid'System® solutions for handrails with:

- Rapid'Angle® for staircases and corners
- Rapid'Access® for service ducts

▶ DECOPRINT

Decoprint panel to decorate and customise your walls and doors (reproduction of photos, drawings, messages, logos, etc.)

▶ FIN'COLOR

The finishing and jointing profiles Fin'Color provide an aesthetic finish and a perfect joint between panels and flexible floor covering

▶ LINEA RANGE

A range combining design, ergonomics and performance with confirmed effectiveness.

- A handrail with a uniform design throughout the building, whatever the level of protection required
- Exclusive trilobed shape recommended by ergonomists for optimised grip, support and guidance
- Large selection of accessories and colours for endless combinations
- Available in LED option, it offers a user guiding system thanks to integrated lighting

- A contemporary and discreet wall protection rail, 180 mm high, matified with a central boss, that blends with the new Linea'Touch handrail
- Bevelled end pieces limiting projection, distance to door frames and tearing

- An attractive and resistant corner protector that adjusts to all angles from 80° to 115° and to all heights due to its variable angle endcap
- Maximum impact resistance and safety due to impact-absorbing dampers

▶ DECOCHOC H₂O

The Decochoc H₂O panel protects walls and doors in wet rooms and provides complete watertightness

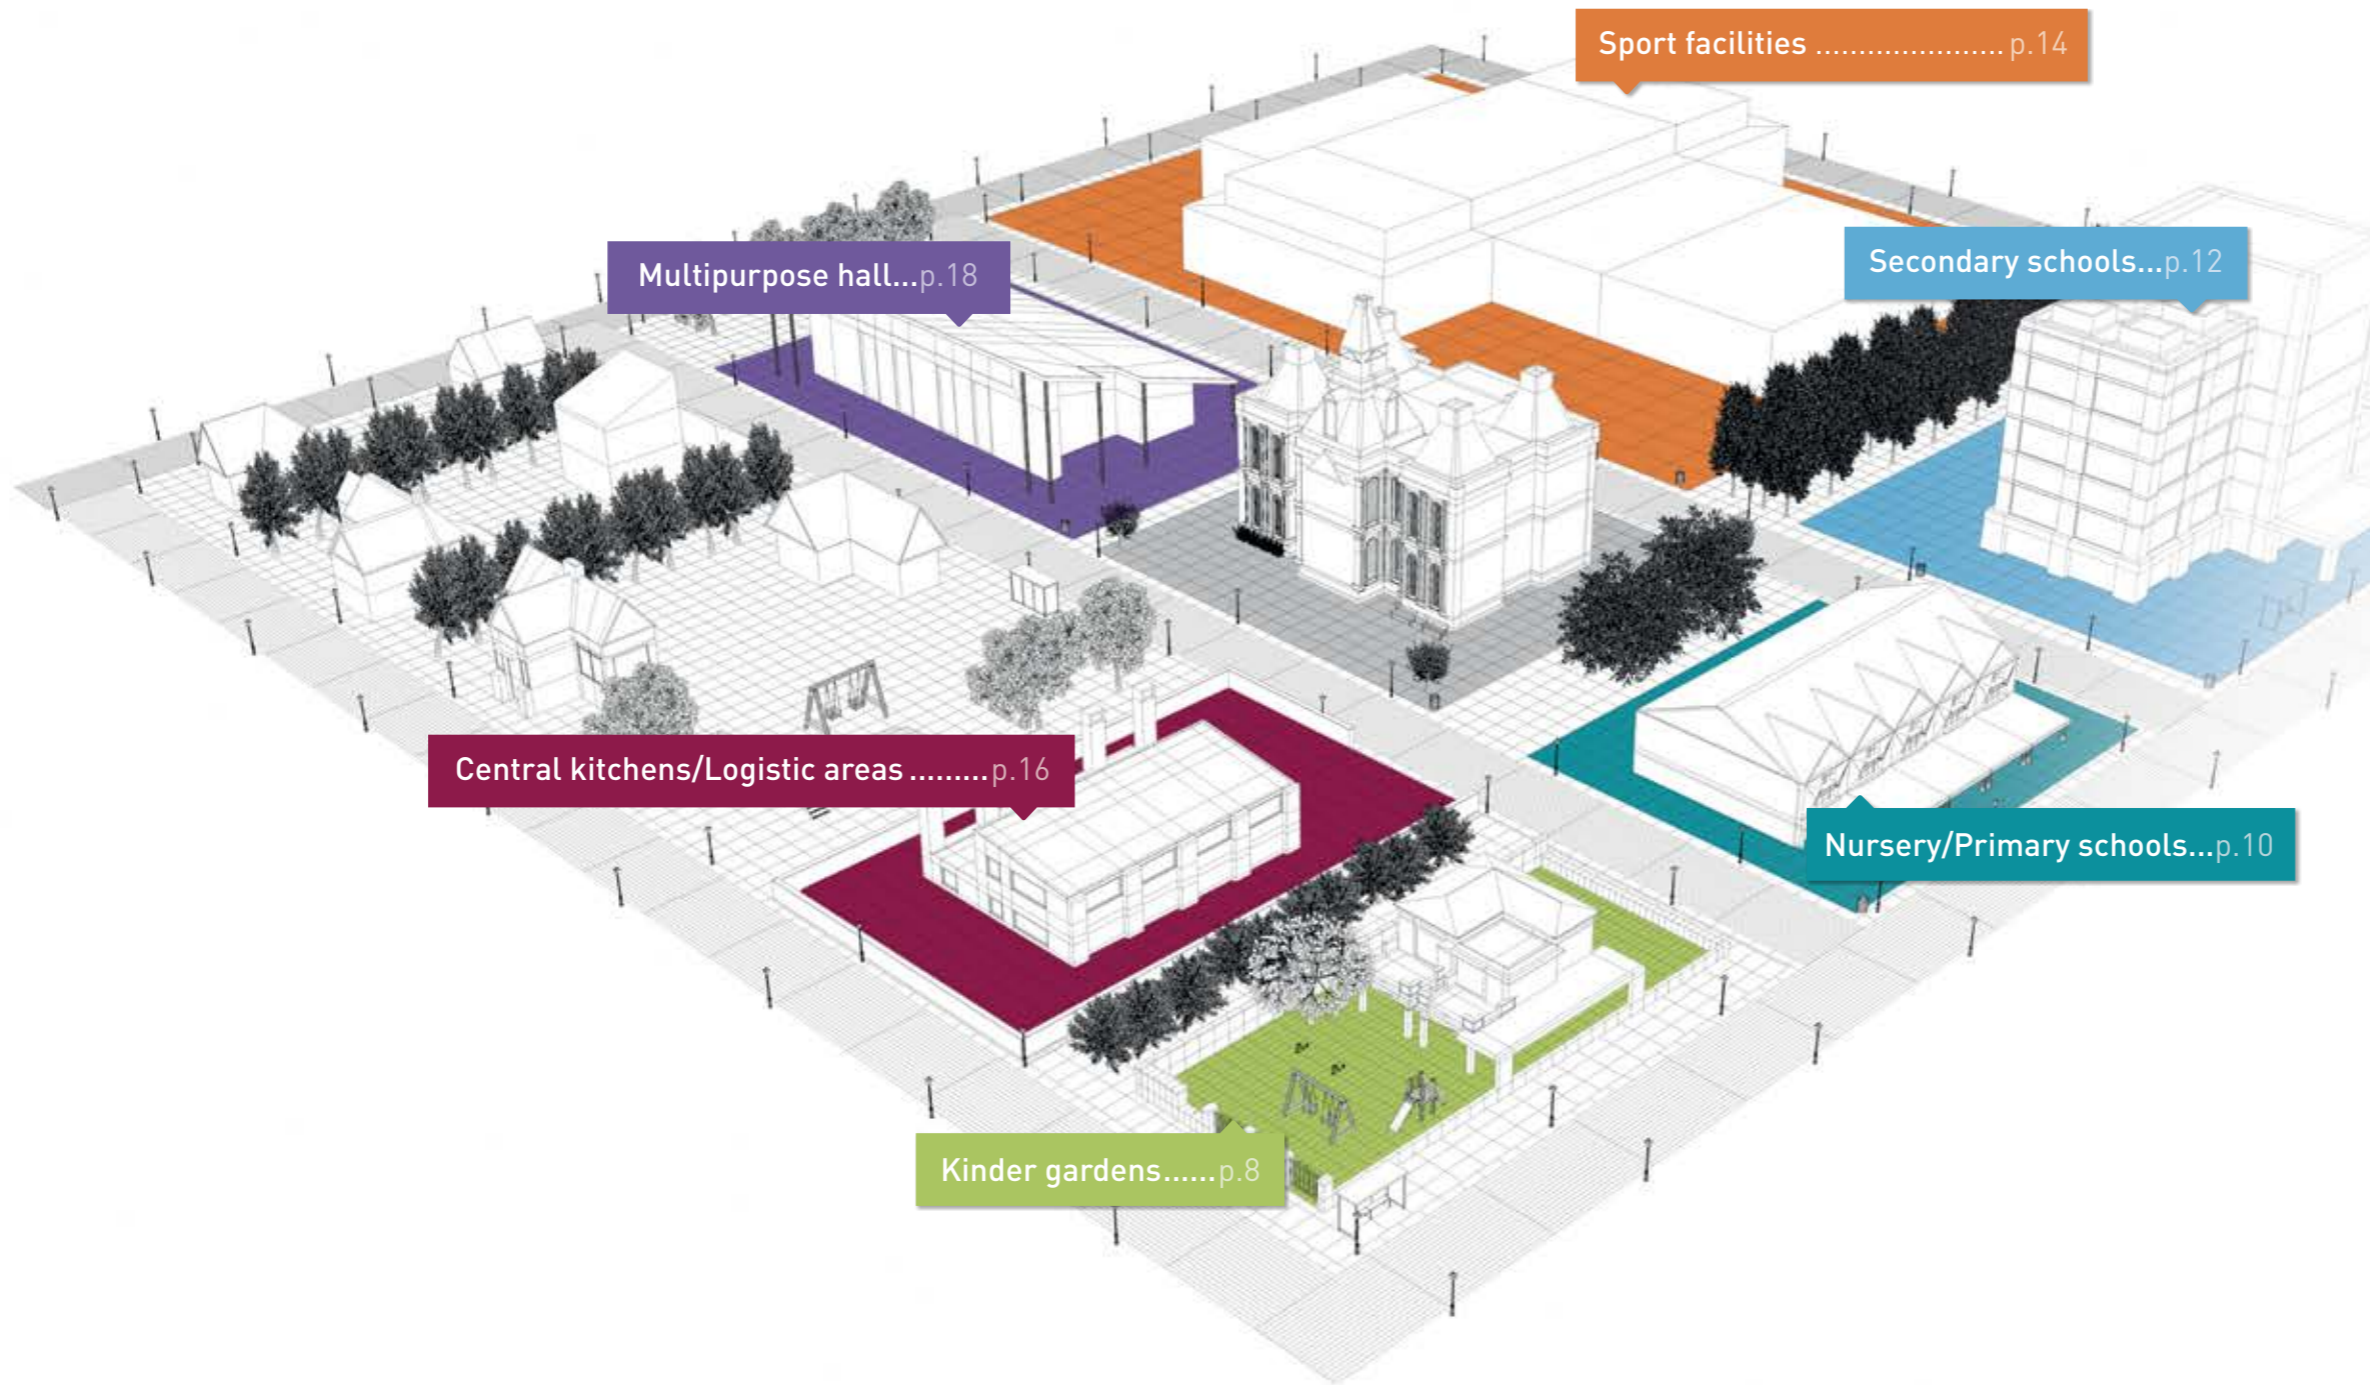

▶ DECOSMIC

The Decosmic panel and its metallic colours embellish and protect your spaces in an elegant and on-trend way.

WALL PROTECTION

SPM has developed and tested solutions based on three ranges: protection rails, plates and panels. Designed using solid colour antibacterial PVC, they retain their original colour without any alteration due to cleaning and over time. Discover also the Decofresc frescoes and Decoprint printed panels.

ACCESSORIES

PATENTED

RAPID'ANGLE®
Adjustable and variable 3D angle (80° to 180°) for staircases and corners. Made of antibacterial PVC with bactericidal joints.
Available for Escort and for Linea'Touch

PATENTED

RAPID'ACCESS®
Articulated link for service ducts. Made of antibacterial PVC with bactericidal joints.
Available for Escort only (chalk or anodised look)

BACTERICIDAL JOINT The roughness of the handrail, at the junction between profile sections and finishing accessories, collect the majority of contamination and are the most difficult points to clean. For this reason, all SPM handrails are fitted with bactericidal joints, treated integrally and undamaged by cleaning. Their bactericidal action, proved by an independent laboratory, complements the bacteriostatic and antibacterial properties of our handrails in a smooth finish.

Discover the technical solutions in our catalogue, available on request.

PROTECT AND EMBELLISH

A PALETTE OF 33 COLOURS

Let wall protection play a dynamic role in decoration

NATURAL

SPM offers a range of colours designed with the help of architects, interior designers, users, etc. The colour chart of 33 colours, from the most sober to the most daring, gives a new identity to interior designs whilst blending perfectly with other decorative elements such as floors, walls, doors, etc.

This palette brings together neutral, sober, mineral shades that blend naturally with architectural design and vivid, refreshing, full-bodied and youthful colours. Tinted greys now appear in the palette to provide subtle, muted ambiances.

Let SPM wall protection play a dynamic role in the aesthetic appearance of your facility.

COLOUR

Please note

- LRV (Light Reflectance Value) measures based on Decochoc panel.
- Most of our products are available in all 33 colours in the range, or 31.

Colours are not contractually binding.
